

"OVER 25 YEARS OF BUILDING THE BEST"

Est. 1986

Best Interiors, Inc. was established in 1986, with a mission to build the BEST projects and a vision of being recognized as the premier specialty contractor in our target markets. We are accomplishing this goal by attracting and developing the BEST people, cultivating collaborative relationships with the BEST customers, and partnering with the BEST subcontractors and vendors.

Best is a full service commercial contractor that has experience and expertise in both heavy and light gauge metal studs, drywall, fireproofing, lath & plaster, insulation, and acoustical ceilings. The BEST team offers many services including design-build/design assist, in markets that support schools, corporations, and government organizations. These markets include, but are not limited to, all levels of education, institutional, industrial, commercial, healthcare, renovations, military, federal, state, and local governments. We have the ability to not only work as a subcontractor, but to also perform as a multi-prime trade contractor, completing our scope of work, while securing and managing other subcontractors that may be required for the project.

Our core values are quality of work, integrity, teamwork, and professionalism. These values are backed up by our BEST team of experienced union carpenters, superintendents, project managers, estimators, and administrative operations. This experienced workforce has the commitment of doing quality work within budget. We are dedicated to the goal of exceeding our customers' expectations and earning their trust with every project.

The BEST team is able to provide creative solutions to even the most complex building project. We have the expertise to turn concepts and visions into the reality of quality finished projects in which everyone involved will be proud. Each and every project allows Best Interiors the opportunity to create a cohesive partnership with the general contractor, owner, and architect and deliver the highest level of service from inception to close-out.

As a member of the U.S. Green Building Council (USGBC), Best Interiors, Inc. is committed to providing environmentally responsible, profitable, and healthy places to live and work. Our in-house LEED Accredited Professionals offer a thorough understanding of green building practices and principles to offer our clients the best in sustainable building.

The Management of Best Interiors, Inc. has adopted an effective Injury and Illness Prevention Program to insure a safe and healthy working environment. Our dedicated full time Safety Manager promotes and monitors our safety program conforming to best practices in our industry, company policy and OSHA regulations. The objective is a safety and health program that will reduce the number of injuries and illnesses to an absolute minimum. Our goal is to achieve zero accidents and injuries.

Each year the Construction Financial Management Association (CFMA) conducts a financial survey of its members. Best Interiors is proud to announce that it has met or exceeded all the financial criteria in the classification of "Best in Class Contractor". Only 25% of contractors nationwide are able to earn this classification. We want our customers to know they will be working with a company that is financially stable and who understands their business. The professionals at Best Interiors are "Best in Class".

Headquartered in Orange County, with a regional office in San Diego, Best effectively manages projects through years of experience and dedication to quality of work. Best Interiors, Inc. is licensed to build the BEST projects for you and your clients.
